Dear Harold,

I am sending you two tapes. One contains the raw footage from the interview I conducted with you on Saturday, September 11th, 1993. It was a very interesting interview and I am pleased that things went so well.

The second tape contains three recent nationally televised shows relating to the JFK assassination in general and the new Posner book, "Case Closed", in particular.

(1) NOW - NBC - 8/25/93 Marina Oswald/Larry Howard/Tom Brokow
(2) 20/20 - ABC - 8/27/93 Lynn Sherr story/Posner/Mark Lane
(3) Crossfire-CNN- 9/3/93 Cyril Wecht vs Gerald Posner

These tapes are yours, free-of-charge, from me in return for your granting me the opportunity to interview you. I hope these tapes are useful to you in your research and in the effort to construct a record of your work for the archives that will be located at the nearby college. The files you have assembled and your writings are important for historians of the future in their efforts to analyse what transpired in these cold-war political assassinations.

Respectfully Yours,

David W. Starks
